

Help us to make a difference

Would you like to see your staff enjoy a productive day building stronger working relationships? That's the outcome of a corporate volunteering day at Magdalen Farm. They'll be able to work together in the great outdoors and take that sense of teamwork back to the office. What's more, they'll be doing work that benefits the environment and can enjoy superb home cooked food while they are here. Want to know more?

We are a charity called Magdalen Environmental Trust based between Chard, Axminster and Crewkerne. Magdalen Farm is a 132 acre organic educational and therapeutic centre that welcomes visitors of all ages and abilities. We engage with and educate visitors using nature and the farming environment as our resource; it is fun, inspirational and innovative.

Corporate volunteering days at Magdalen Farm can involve:

Specific projects to improve our infrastructure so that we can teach more people from different backgrounds and abilities about farming and nature..

helping in the prolific vegetable and fruit gardens, especially in the spring when we are planting for the summer and then around harvest time in the autumn where we make jams and preserves.

nature conservation in wildflower-rich meadows. Every year we need an army of people to help us control invasive weeds and to maintain our natural environment .

animal care (organic farm animals living outside). Projects have included helping to build new hen houses and provide accessible pathways for wheelchair access.

In thanks for your work we provide a fun day with farm tour, endless refreshments and a 2 course home-cooked lunch, using some of the produce from the farm.

Volunteers are priceless to us and are essential at all times of the year. Global publishing company Elsevier, from Exeter volunteer at Magdalen Farm three times a year. Here's their feedback:

Every time we go to Magdalen Farm it's a great, fun, active, day out where we learn lots about farming and the fantastic work the farm does for schools and other groups. There are always a variety of jobs from building raised beds, clearing out old plants and weeds, planting new crops and feeding the pigs is always brilliant fun. It's a very rich and rewarding experience and there is always a fantastic organic lunch cooked from produce from the farm which is a fantastic reward! We are looking forward to our next visit already and would encourage others to volunteer at least once and then you will want to keep returning!

Team Building / Conference Packages

“Think outside of the box by being outside of the box!”

Let Magdalen plan a special event to meet your team /company requirements. We offer tailored packages from venue hire for conferences and meetings through to challenging yet fun team building events. Mix and match from a variety of activities that will improve team dynamics, encourage effective communication and include a few laughs along the way.

Come for the day or stay overnight in our Residential Education Centre. With a total of 16 bedrooms we can cater for groups of 70 people. No visit is complete without enjoying Magdalens' homecooked food using produce directly from our own farm.

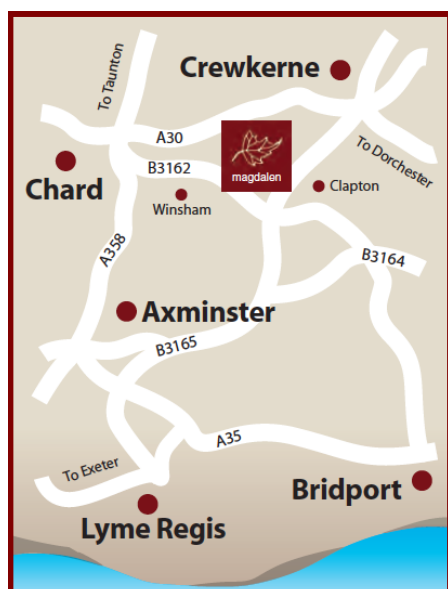

We can offer a variety of activities which include a low ropes challenge, orienteering with a twist, fire lighting challenge, den building, bread making and a number of stimulating tasks.

Our facilities include:

- Accommodation for up to 70 people
- Flexible meeting rooms laid out in either classroom or conference style
- Wi-Fi, laptop projectors and screens, whiteboards and flipcharts all available for use.
- Delicious home cooked food with choices from our seasonal menu
- Tailored itineraries and activities to meet your requirements
- Break out spaces both inside and outdoors
- On-site parking
- Facilities for special needs and requirements
