

Food at Magdalen

We have been feeding children for years. One of the things we love most is that when we connect children with where food comes from, even the most particular will eat (and love!) things you never would have expected.

Can you imagine a whole year 5 class coming back for seconds of leek and celeriac soup? This happens at Magdalen ... especially when the children have picked the leeks and celeriac, and brought them to Lucy or Jess in the kitchen, themselves.

We also understand that some children just won't eat some things – and that's ok. We really encourage everyone to give things a try ... but we also have a well-stocked store cupboard, just in case.

So please trust us ... your children will not go hungry. They will eat lots of delicious, home cooked food that is good for them, and good for the planet.

Your exact menu won't be decided until shortly before your visit, and it will depend on the dietary requirements of your group (based on the information you give us on the Guest List), and what ingredients are in season on the farm. This is why it is important for us to know of any requirements as soon as possible.

Please bring a packed lunch for arrival day.

Everyone will have a choice of three main meal options for dinner, one of these being a plainer option, plus side dishes.

Homemade pudding (every night!).

Lunch could be a hot dog, pizza, soup and rolls, or maybe a tasty cheese and tomato pastry, with a salad and a yogurt or fresh fruit to follow.

We have snack breaks in the morning and afternoon, with a homecooked tasty snack for everyone.
